Foliage Plants

By Lloyd, Christopher. Garrett, Fergus, Introduction by.

Frances Lincoln. 1 Paperback(s), 2011. soft. Book Condition: New. If you want to make a satisfying garden you have to pay at least as much attention to foliage as to flowers, advises Christopher Lloyd. Originally published in 1973 and revised in 1985, this book is a fine companion to Lloyd's classics *The Well-Tempered Garden* and *The Adventurous Gardener*, as the master of the gardens at Great Dixter in Sussex describes the plants that are worth growing for their leaves as well as their blossoms. He explains what to look for, what to avoid, and considers the shapes, sizes, habits, textures, and colors of various foliage. He also suggests, with the aid of sketches and plans, what can be done with these plants in different positions, from the shady border to the sunny bed. 224.

Reviews

Absolutely essential study pdf. It is written in basic words and phrases rather than hard to understand. I am just happy to tell you that this is basically the finest pdf I actually have studied during my personal lifestyle and can be the very best publication for actually.
