Reviews

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

THE LOST GOLD OF THE MONTEZUMAS (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.It was a gloomy place. It would have been dark but for a heap of blazing wood upon a rock at one side. That is, it looked like a rock at first sight, but upon a closer inspection it proved to be a cube of well-fitted, although roughly finished, masonry. It was about six feet square, and there were three stone steps leading up in front. Behind this altar-like structure a vast wall of the natural rock, a dark limestone, had been sculptured into the shape of a colossal and exceedingly ugly human face, -as if the head of a stone giant were half sunken in that side of what was evidently an immense cave. There were men in the cave, but no women were to be seen. Several of the men were standing near the altar, and one of them was putting fuel upon the fire. The only garment worn by any of them was a ragged blanket, the Mexican serape. In the middle of the blanket was a hole, and when the wearer s head was thrust through this he was in full dress.
