

The Fourth Revolution: The Global Race to Reinvent the State

Filesize: 7.54 MB

Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Penguin Books Ltd. Paperback. Book Condition: new. BRAND NEW, The Fourth Revolution: The Global Race to Reinvent the State, Adrian Wooldridge, John Micklethwait, In The Fourth Revolution, John Micklethwait and Adrian Wooldridge ask: what is the state actually for? Their remarkable book describes the three great revolutions in its history, and the fourth which is happening now. In most of the states of the West, disillusion with government has become endemic. Gridlock in America; anger in much of Europe; cynicism in Britain; decreasing legitimacy everywhere. Most of us are resigned to the fact that nothing is ever going to change. But as John Micklethwait and Adrian Wooldridge show us in this galvanizing book, this is a seriously limited view of things. In response to earlier crises in government, there have been three great revolutions, which have brought about in turn the nation-state, the liberal state and the welfare state. In each, Europe and America have set the example. We are now, they argue, in the midst of a fourth revolution in the history of the nation-state, but this time the Western way is in danger of being left behind. The Fourth Revolution brings the crisis into full view and points towards our future. The authors have enjoyed extraordinary access to influential figures and forces the world over, and the book is a global tour of the innovators. The front lines are in Chinese-oriented Asia, where experiments in state-directed capitalism and authoritarian modernization have ushered in an astonishing period of development. Other emerging nations are producing striking new ideas, from Brazil's conditional cash-transfer welfare system to India's application of mass-production techniques in hospitals. These governments have not by any means got everything right, but they have embraced the spirit of active reform and reinvention which in the past has provided so...
