

Trust in Cooperative Risk Management: Uncertainty and Scepticism in the Public Mind (Paperback)

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.
(Mitchell Kuhn III)

Taylor Francis Ltd, United Kingdom, 2014. Paperback. Book Condition: New. 234 x 155 mm. Language: English . Brand New Book. Trust is an important factor in risk management, affecting judgements of risk and benefit, technology acceptance and other forms of cooperation. In this book the world?s leading risk researchers explore all aspects of trust as it relates to risk management and communication. Drawing on a wide variety of disciplinary approaches and empirical case studies (on topics such as mobile phone technology, well-known food accidents and crises, wetland management, smallpox vaccination, cooperative risk management of US forests and the disposal of the Brent Spar oil drilling platform), this is the most thorough and up-to-date examination of trust in all its forms and complexities. The book integrates diverse research traditions and provides new insights into the phenomenon of trust. Factors that lead to the establishment and erosion of trust are identified. Insightful analyses are provided for researchers and students of environmental and social science and professionals engaged in risk management and communication in both public and private sectors. Related titles The Tolerability of Risk (2007) 978-1-84407-398-6.
