Enlightenment shares with you some of the symptoms of awakening, and will support and guide you in your awakening process, no matter where you think you are in your journey. You will receive direct guidance in simple, understandable ways that can assist you in consciously awakening to your divine self. Awakening, like becoming lucid in a dream, can suddenly change your relationship to everything. For many people it s a long, slow process. However, for some, the shift can seem as extreme as instantaneously landing in the body with a thud, and waking up on a new planet. Dancing in the fire of awakening can at times make you feel like you re going crazy. The fire of transformation is wild and can be very disorienting! You are the infinite, formless, nameless One, dancing in a world and in a form with limits. That s bound to create a rub and it s meant to! It s the spark, the impetus, the fire under our butts to awaken. Take your time reading through the chapters. Read one and hold it in your awareness for a day, or even a few days, practicing the ideas expressed. Give some space to feel into whatever might get stimulated in you as you read, and as you carry the reading with you through the day. Let us go together on this adventure, and allow me to assist you in discovering that the you you ve been longing for has been here all along. Your heart is calling you home! I invite you to embark upon that journey.
