Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

NEED2KNOW, United Kingdom, 2013. Paperback. Book Condition: New. 225 x 195 mm. Language: English . Brand New Book. This guide to gay relationships focuses on the issues that specially affect gay men. It begins with meeting the right guy and the challenge of coming out, which is still such a big issue in our society. It explains your rights as a gay man and how you should deal with discrimination in your daily life, at school and at work. It includes three chapters on gay sex techniques from that very first time with another man, through kissing and frottage to oral and anal sex. It puts the perils of STIs into perspective and explains how gay men can protect themselves. It examines the differences between simply living together and civil partnership and looks at the various ways gay men can have children. Whether you are only just coming to terms with your sexuality or are already in a meaningful relationship, you ll find plenty of information to make your life, including your sex life, better and better.
